

Discussion Topic Ideas for a GTS Reunion or Feedback Process

1. What has changed in your teaching because – or in part because – you attended the GTS?
2. Did you solve to some degree the specific problem that brought you to the GTS?
3. Did you try to employ a good, but rather daring idea learned at the GTS? How did it go?
4. Have you stayed in contact (social and/or professional) with one or more fellow GT participants?
5. Do you have a fond memory of any particular incident or moment at the GTS?
6. Have you come up with a new teaching idea that you would like to share?
7. Have you any further insight into the nature of the “great teacher.”
