*"In the search for professional excellence, there is so much more beyond a teaching field or an educational specialization that a community college educator must know, understand, and believe in . . . The Great Teachers' Seminar provides an opportunity for faculty to live and share for an extended period of time with peers representing a wide range of specialties, talents, experiences and interests."*

## 14<sup>th</sup> Annual Prairie Region Great Teachers Seminar

May 12-15, 2014

Elkhorn Resort  
Riding Mountain  
National Park

## The Seminar

The Prairie Region Great Teachers Seminar is a three-day, intensive seminar that provides an opportunity to learn about and reflect on the challenges faced by educators in post-secondary institutions. The format, which is purposely unstructured, evolves from an ongoing assessment of participants' needs.

The seminar is not limited to the already great; rather it is designed to attract those who are striving to be great educators. Participants will learn from each other through discussion and exploration of teaching strategies, innovations, problems and solutions. The theme underlying all seminar activities is the perpetual challenge to identify the characteristics of the Great Teacher.

**Pre-conference assignments are required. Full participation in all the workshops is expected. If you cannot commit fully to the entire seminar, we suggest you come another year.**

## The Purpose

- To analyze instructional problems and to find realistic, creative approaches to their solution.
- To enable educators to venture beyond the limits of their own specializations and environments in search of the universals of teaching.
- To stimulate the exchange of information and ideas among and within post-secondary institutions by building communication networks among faculty.
- To promote introspection and self-appraisal by providing a supportive environment in which participants may seriously reflect on their attitudes, methods, and behaviors as teachers.
- To celebrate good teaching.

## The Staff

A team of highly skilled facilitators drawn from various colleges across the prairies and coached by David Gottshall, founder of the Great Teachers movement, will direct the Great Teachers Seminar in Riding Mountain National Park.
